Who We Are

The Housing Authority is the premier source of quality affordable housing for the citizens of Grenada. Since its inception, the Authority has invested millions of dollars in the construction of houses and residential land sales throughout the island.

Our Services

Our services include, but are not limited to the following: architectural drawing, home construction, home renovations, estimating, project management and the procurement of building permits and licenses.

Our Mission

Improving the quality of life of citizens, through the design, construction and supervision of comfortable, adequate, durable and affordable housing.

Our Vision

Striving to become the primary house provider for citizens by providing houses of good quality that are reasonably priced and meet the needs of the clientele.

OUR CORE SERVICES

Architectural Drawing

Complete plan includes: floor plans, electrical floor plans, elevations etc. Plans are drawn free of charge once you are building with us, or we will work to your specifications if you already have a plan.

Home Renovation

Involves the repairs/restoration to your existing building or home which may include repairs of cracks, retiling floors, replacement of doors and windows, replacement or repairing of electrical fittings and fixtures, plumbing fittings and fixtures. Also addition or removal of a section of your building or home.

Home Construction

The process of building your house that is guided by the use of technical drawings (design), materials and construction practices guided by Grenada's building code and guidelines.

Estimating

Costing of all the materials, labour and truckage that will be involved in the construction of the project.

Project Management

We will manage all aspects of your project, from start to finish ensuring that the job is done according to your specifications.

Licences & Permits

Obtaining the application forms from the Physical Planning Unit, completing the civil, architectural and engineering drawings. Receiving the required fee for the processing of the drawing and paying these fees at the Ministry of Finance. Presenting the completed drawings and application forms to the Physical Planning Unit.

OUR PRODUCTS

Concrete Blocks

We produce and supply 4", 6" and 8" hollow concrete blocks. Our blocks can be used for all general construction projects.

Balusters

Free delivery of our products throughout the island.
